ALLOWANCE

Response to Appeal Brief

1. This allowance is in response to the appeal brief filed 10/14/2008. The rejection is withdrawn made in the non final action is withdrawn. Reasons for allowance set forth below.

Allowable Subject Matter

2. Claims 1-30 and 32-37 are allowed.
3. The following is an examiner's statement of reasons for allowance: Reynolds a module for receiving an event detection signal or metadata (Figure 2, 132, Page 3, paragraph 0031) and generating a structural point detection signal in response to determining, based on configuration information, that the event detection signal indicates that the event is a structural point (Page 3, paragraphs 0031-0033) and a cue generator (Figure 2, 134) for receiving the structural point detection signal and the configuration information or variables (Pages 3-4, paragraphs 0033-0038, 0040), wherein the private cue is not be interpreted by a third party other than specific affiliates (Pages 3-4, paragraphs 0033-0038, 0040); a cue handling mechanism or a meta data substation system embedding the private cue or embedded meta data (i.e., announcements, packages, and triggers) in one of the plurality of media streams with

the media content to provide precise time synchronization for the processing of the one of the plurality of media streams by the SPA (Page 2, paragraphs 0013-0015, 0025, Page 3, paragraphs 0028-0030, Figures 1-4), a network interface for transmitting the embedded private cue and the media content in the one of the plurality of media streams to the SPA of the specific affiliates (Pages 3-4, paragraphs 0032-0038, 0040, 0043).

The prior art of record in conjunction with all other limitations does not disclose a module for generating a structural point detection signal in response to determining, based on configuration information, that the event detection signal indicates that the event is a structural point having significance to the media content.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
